

Gotham Volleyball League

Fall 2014 Mixer Tournament Rules

The Gotham Mixer tournament will be played using the Gotham Volleyball Rules of Play with the following modifications:

Players enter in two-person pairs. Both members the pair must be from different Gotham divisions.

Each pair will play four matches of two games each. Each game will be a 21 point game (play to 25, starting at 4-4), win by 2, cap at 27 points. There may be a time cap imposed on each match based on scheduling needs.

New teams will be formed for each match by the Tournament Staff. Teams will be created by combining three pairs based on the relative strength and position preferences of the various pairs. All teams will have players from different divisions.

The purpose of the Tournament is to allow players of different skill levels to play together and have fun. All feedback and communication between players should be done in a positive way and rotations should be set to allow all players, regardless of skill level, to have a full opportunity to participate in the match.

Referees should call carries, doubles, etc. but should make their best efforts to call each player based upon the customary strictness of his/her division. If the referee needs guidance on how to call the game, he/she should speak with a Tournament Coordinator prior to the beginning of the match.
